

Mission of the Proposed Community Foundation

In an effort to support the local community, SNGS is excited to help fund the Community Foundation in an amount estimated at \$25,000 during the initial start up years and increasing to approximately \$44,000 per year during full operation.

The Community Foundation, proposed by SNGS, would receive an amount equal to 0.25 percent (.25%) of annual gross revenues. This could yield \$25,000 to \$44,000 or more per year. The monies donated to the Foundation would be used to support projects and activities that are favored by the community. SNGS is suggesting that a Board of Directors be established for the Foundation with representatives of the local community groups, the City of Sacramento, youth groups, etc., as members. SNGS would propose to have one representative on the Board.
